

## Holiday Decoration Form

**Per Community Rule # 39** - Holiday-specific decorations may be installed up to 5 feet from a unit owner's wall without additional approval. However, any items placed by Unit Owners or Neighborhood/Condo Associations within Master Association Maintained Common Areas more than 5 feet from a building must first get prior authorization from the Master Association Board of Directors by filling out the Holiday Decoration Form on the community website. Then turn it into the on-site management company for approval 30 days prior to installation for review. Items that have been installed without prior authorization can be removed and disposed of at a cost to the unit owner or Neighborhood/Condo Association.
